

Listen, I have to ask you a favor. I need you to teach re 'some stuff about baseball,

ADAM

Well, there's a bat and a ball and you hit it.

ZACK

I'm serious. I made a date with an incredible woman and she likes baseball.

ADAM

The last time I asked you if you wanted to go to a baseball game you said you'd rather pass a stone. Maybe I should go in your place. Did she get a good look at you?

ZACK

Good idea, 'cause y'know except for the hair, the eyes, the face, the height and the weight we could be twins. Look, are you going to help me or not?

ADAM

When are you going to stop with the man of a thousand-faces routine?

ZACK

What?

ADAM

You asked her out and? She said yes, right?

ZACK

It's when they say yes that I panic. Can you just help me out? Please.

ADAM

(RELUCTANTLY) Okay.

ZACK

Thanks.

ADAM

Okay, let's start with the National League East. There's the Atlanta Braves, Philadelphia Phillies, Montreal Expos

ZACK

Hold it. Montreal is in the National League? What nation are we talking about?

ADAM

It's like the Nation of Islam. It's the Nation of Baseball.

ZACK

God this is going to be a long night.
